Product Summary

The beauty and complexity of a real love.

Product Description

The beauty and complexity of a real love. The Hayden Engagement Ring is so intricately detailed, we don't know where to begin. A diamond encrusted gallery transforms into gracefully overlapping prongs, that divide in two as they embrace your center diamond. Millgrain edges outline every part, creating artful shapes to contain the brilliance of a celebration of pavé set diamonds. Can be custom made to fit any shape center stone. Hand crafted in either Platinum, 18K Gold or 14K Gold.
